International travelers who enter the U.S. on a Visa Waiver or on a B1/B2 Tourist Visa

U.S. Immigration law prohibits any full-time study for students who enter the U.S. on the visa waiver program or on B1/B2 tourist visas. Tourists on B1/B2 tourist visas, or on the visa waiver program may take part-time courses only if the following criteria are met:

- Enrollment in University of Colorado Boulder course(s) will be solely for recreational purposes;
- Coursework will not be considered fulltime; and the course will not be used for credit toward a degree, diploma or certificate;
- Enrollment will be limited to one credit course per semester. Noncredit enrollment will not exceed 18 clock hours per week;
- The course(s) are only incidental to the tourist’s visit to the U.S., and are not the main purpose of the visit.

As an international student desiring to enroll in credit coursework at the University of Colorado Boulder, I agree to all of the criteria mentioned above.
